

INTERSHIP: MARKET ANALYST – Ref. 2011IP207

(Flexible Schedule - Perfect Job Opportunity for Students)

About QualySense AG

QualySense is an EMPA-based start-up company co-founded in 2010. QualySense aims to become the innovation leader in developing and marketing high-capacity sorting devices for quality and safety control of agricultural products. The unique and proprietary Swiss-made devices enable sorting grains, seeds and beans reliably by biochemical properties. QualySense is a Venture Kick winner of 2010, a finalist of the Swiss Technology Award 2010 in the seed category, one of the 20 best Swiss Start-ups of 2010 and carries the prestigious CTI Start-up Label.

Job description

The market analyst is responsible for identification of market potential for different grain sorting applications, deriving the value chain, compiling the list of potential customers for QualySense sorting device, reaching them and getting their feedback.
